
TRAIN THE TRAINER

In special circumstances, TenStep can train companies and individuals to be able to teach our classes. These classes are all done on a case-by-case basis.

PREREQUISITES

- Attendees should have some background in project management and prior experience teaching instructor-led classes.

LEARNING OBJECTIVES

At the end of this class, participants will be able to:

- Understand the general flow of a particular class
- Teach the class material associated with this full class
- Facilitate all group and team exercises for the full class
- Lead the class through any case studies for this class

WHO SHOULD ATTEND

- For-profit instructors that will teach this full class to their customers
- Academic instructors that will teach the class to their students
- Company instructors that will teach the class to their internal employees

COURSE OUTLINE

- Overview of the class and how to accomplish the learning objectives
- A walkthrough of the content in each section
- A discussion and practice of each exercise and all of the case studies

CLASS LENGTH

- Dependent on the length of the class
